INVESCO MARKETS II PUBLIC LIMITED COMPANY

NOTICE TO SHAREHOLDERS

11 June 2019

Dear Shareholder

We are writing to you as a shareholder of the Invesco AT1 Capital Bond UCITS ETF (ISIN: IE00BFZPF322, the "**Fund**"), a sub-fund of Invesco Markets II plc, to notify you of the following non-material change to the investment policy of the Fund.

The Fund's investment policy, as described in the Fund's supplement, currently permits the Fund to track its reference index through the use of a sampling strategy (i.e. a strategy that seeks to build a portfolio that is representative of a reference index where a fund will typically hold only a subset of the securities which comprise the reference index).

It is proposed that the Fund's investment policy be amended such that the Fund will pursue a full replication of its reference index (i.e. a strategy that seeks to hold all of the securities of a reference index in their approximate weightings in that reference index). This change allows the Fund to avail of increased concentration limits when tracking the reference index. Once the change has been effected, the Fund will no longer engage in the use of a sampling strategy when tracking its reference index.

It is expected that the amendment will be effective on or around 14 June 2019, or such earlier or later date as the Central Bank approves a revised supplement in respect of the Fund.

The Directors believe this change to be in the best interests of investors.

Should you wish to redeem your shareholding, you may do so in accordance with the dealing provisions outlined in the Fund's supplement.
