NOTICE TO SHAREHOLDERS

14 May 2021

Dear Shareholder

We are writing to you as a Shareholder of Invesco Commodity Composite UCITS ETF, ISIN IE00B4TXPP71, (the "**Fund**"), a sub-fund of Invesco Markets Public Limited Company (the "**Company**"), to inform you of an upcoming change to the Solactive Commodity Composite Index (the "**Reference Index**").

In accordance with the rules and methodologies of the Reference Index, Solactive AG, as index sponsor, is replacing two of the constituent indices of the Reference Index as follows:

- (i) the JPMCCI Ex-Front Month Energy Light Index Total Return (the "**JPM Constituent Index**") is being replaced with the Citi CUBES (DJ-UBSCI Weighted) Index Total Return (the "**New Citi Constituent Index**"); and
- (ii) the Morgan Stanley BCOM Forward 3 Months Pre-Roll Index (Total Return) (the "**MS Constituent Index**") is being replaced with the MSCY Radar F3 Roll Index TR (the "**New MS Constituent Index**").

The New Citi Constituent Index is an enhanced commodities index that aims to outperform its benchmark, the Dow Jones-UBS Commodity Index, through roll yield enhancement. For each commodity, on a monthly basis, the index selects and invests in the future expected to provide the highest yield out of a set of candidate futures based on its prediction of the shape of the commodity futures curve on month forward.

The New MS Constituent Index is a commodities index that is designed to reflect the performance of a diversified commodity strategy using a systematic process implemented in accordance with a rules-based model created by Morgan Stanley Capital Group, Inc. The objective of the index is to maximise commodity and yield carry by: (a) diversifying commodity exposures across precious metals, industrial metals, energy, grains and livestock; (b) overweighting commodities with relatively higher long term roll returns; and (c) positioning futures contract across the forward curve to enhance roll yield. The index reflects the performance of a diversified strategy on commodity futures, index components are selected on the basis of outputs generated by fundamental and quantitative methodology of Morgan Stanley Capital Group, Inc. and allocation is determined on long term roll yields.

Notice Period and Effective Date

It is expected that the changes will be effective from on or around the close of business on 16 June 2021 (the "**Effective Date**"). The changes will be reflected in the supplement of the Fund (the "**Supplement**") and will be available to investors free of charge.

Should you wish to redeem your shareholding, you may do so in accordance with the dealing provisions outlined in the Supplement.

General

Shareholders may obtain the Prospectus, a copy of the Supplement, the key investor information document, the latest annual and semi-annual reports and copies of the Constitution free of charge from the registered office of the Manager or the local representatives in the countries where the Company is registered and in Germany from the German paying and information agent, Marcard, Stein & Co AG, Ballindamm 36, 20095 Hamburg, Germany and on the website of the Company - etf.invesco.com.

Directors: Gary Buxton, Barry McGrath, Feargal Dempsey,
Anne-Marie King
Invesco Markets plc, registered in Ireland as an open-ended
variable capital umbrella investment company with limited liability
and segregated liability between sub-funds.
Registration number: 463397. Registered office: 32 Molesworth
Street, Dublin 2, D02 Y512 Ireland
